PRINT MEDIA

ChromaLuxe®

# ChromaLuxe®

ChromaLuxe is the world's leading manufacturer of high-definition print media for dye sublimation. ChromaLuxe is the print media of choice for photographers, artists, designers, print labs, photo enthusiasts, and more. The combination of color brilliance, superior durability and archival qualities makes ChromaLuxe the perfect choice for image reproduction.

Through dye sublimation, images are infused directly into specially coated sheets of metal, wood, table tops, and more to create the most vibrant, durable, and archival photo medium available today. Learn how our innovative products will give your images a lasting impact.

## Interior HD Metal Prints

Infusing dyes directly into specially coated metal prints result in outstanding image clarity and vibrancy with exceptional detail and resolution. Available in six finishes, ChromaLuxe metal prints are extremely durable, offering scratch and abrasion resistance without hiding your image behind glass.

### Gloss White

Experience vibrancy and depth of color with our Gloss White finish. Colors pop and details come to life with the white base and thick high gloss coating. This is an excellent finish for any subject, including landscapes, nature, action photos, water scenes and more.

### Semi-Gloss White

Intense color, crisp detail and reduced glare make our Semi-Gloss finish an exceptional choice. With a gloss level between the Gloss and Matte, Semi-Gloss provides you with the best of both worlds. Perfect for portraits or works of art displayed where glare is a concern.

### Matte White

For portraits, weddings or anytime surface reflection is a concern, our Matte White finish is the optimal choice. The surface provides a rich, smooth finish where colors can come alive with perfect subtlety.

### Gloss Clear

High gloss finish applied without the white base allows the natural silver of the aluminum to shine through. Detail and vibrant color still remain, but with a unique effect that favors all types of photography. Images in black and white or with strong color find new meaning on Gloss Clear finish.

### Semi-Gloss Clear

The gloss level between Gloss and Matte does an excellent job in its clear version. As the aluminum shows through, the Semi-Gloss gives the perfect level of shine that allows colors to pop, but keeps the reflection at a lower level.

### Matte Clear

Avoiding reflection and bringing out the beauty of images with an aluminum base is exactly what the Matte Clear finish does. Display fine art or landscape images under direct light and watch images come to life.

*“ChromaLuxe is an amazing product. I love my images on paper but when I saw them on metal, it was amazing and the response has been remarkable.”*

*"For 40 years, I have been lucky enough to document pop culture history in the world of rock and roll. When it comes to printing my images, I only want the best to showcase my work and my subjects. When I first heard about this process, I was skeptical. Once I saw my images printed on ChromaLuxe aluminum, I knew I had hit the jackpot! The detail, durability, and image vibrancy of these prints is truly unbelievable! I am so excited to have discovered this medium now!"*

**Jay Blakesberg**

## ChromaLuxe Wood Prints

Wood photo panels come in either a natural or standard white base look. Each have a beveled edge with keyholes on the back for easy hanging in a home, office or gallery. ChromaLuxe wood prints offer a traditional option to display all your photography and are extremely durable, offering scratch and abrasion resistance without hiding your image behind glass. Available in a variety of sizes, ChromaLuxe wood photo panels are the perfect choice for residential and commercial spaces.

### Wood Print

With a black chamfered edge and gloss white surface, ChromaLuxe Wood Prints provide a wonderful alternative to metal prints while providing the same high quality image reproduction. The thickness of the material makes it a great look for any home, office or commercial space.

### Natural Wood Print

A low gloss coating applied to a maple veneer makes our Natural Wood Prints the perfect complement to our standard Wood Prints. Natural finished edges and face give your image a natural look on real maple. The beauty of the grain shows through lighter areas of your image for a soft, warm presentation.

*“ChromaLuxe is ahead of the game. They offer products that don’t just follow trends. They set trends. When my clients see my images on a ChromaLuxe print, I don’t have to say a word. The prints sell it for me.”*

Photographer

## HD Metal Creative Borders and Circles

Creative Border metal prints are a great addition to any space and will transform photos into their own piece of art. Use images alone or create a digital border to match any home décor.

## Creative Border Desktop Photo Panels with Dual Keyhole & Kickstand

ChromaLuxe Creative Border Photo Panels with keyholes and kickstand are an excellent choice for those wanting to showcase their photo art as either a desktop item or wall display. Keyholes are located on all four sides on the back of each panel for either landscape or portrait display. Panels have a black back and edge and come with a black kickstand.

## Hardboard Table Top Photo Panels

Gloss white wood photo panels are ready to display and are available in a variety of options. Panels are available in a number of sizes with products ranging from flat and arch top, to easel back and hinged panels.

## ChromaLuxe Table Tops

ChromaLuxe Table Tops are specially coated moisture resistant MDF (MRMDF) that resists, scratches and stains and can be wiped clean with any non-abrasive cleaner. ChromaLuxe Table Tops allow you to customize furniture with the highest quality HD image available.

*“ChromaLuxe has a luminescence I find extraordinary. It’s robust and contemporary. I like the fact that you’re not looking through a reflective surface, like you would with glass or acrylic. You can get into the image in a way you never could before. The combination of high-end digital cameras and ChromaLuxe is the perfect marriage.”*

**Feo Pitcairn**  
Fine Art Photographer
